The Wisdom of Kindness Flute Remix (featuring Bryan Baker) is unique in the 18-album Liquid Mind relaxation music series, in that it features recording artist/flautist Bryan Baker, whose smooth sounds and improvisational style blend perfectly with the gentle harmonies Chuck Wild creates. Bryan's imaginative performance weaves flawlessly in and out of Chuck's slow-moving track, which was originally released on Liquid Mind XIII: Mindfulness. The pair has created a deeply meditative and calming experience for the listener, one that honors the concept of kindness.
