FROM THE ARTIST

“Darkness cannot drive out darkness; only light can do that. Hate cannot drive out hate; only love can do that.” ~ Martin Luther King, Jr.

No one is born hating another person; people can and do change every day. Peace between differing ideologies and cultures, though not impossible to achieve, may take time to attain. However, peace on a “person-to-person” basis is possible between any two willing individuals, regardless of their backgrounds. It is this process of engendering person-to-person peace to which **Liquid Mind XII: Peace** is dedicated.

Even the smallest step taken by one individual as a peacemaker can build a bridge of hope, encouragement and understanding which will grow in a harmonious way. The titles of the compositions on this album are steps we can each take towards conflict resolution:

We begin by acknowledging that *At the Center Is Love*. Where there is a capacity for love, which all humans share, there can be peace. The peace process begins with respectful **Communication** between two people, **Person to Person**, which leads to a discovery of their **Shared Values**. These shared values create a willingness to **Surrender to Love**, and we are able to move forward together as a measure of **Trust** develops. As trust grows, we become aware of our **Oneness**, and the **Spirit of Peace** prevails.

Musically, you will hear little departure from earlier Liquid Mind® albums, and you may even hear a reprise or two from previous favorite compositions. I hope you’ll enjoy **Liquid Mind XII: Peace** and will be encouraged to try out this process of peace, person-to-person in your own lives.

Thanks to MOTU for maintaining excellent software in the form of Digital Performer®, my workstation for over 25 years. Special gratitude to Johanna S. for sharing your wisdom and encouragement these many years.

I'm sincerely grateful for the continuing support and encouragement of Terence Yallop, Karen Kael, the wonderful staff at Real Music (Sylvia Pacheco, Fran Nelson, and Julie Giles), and Al Evers and the team at A Train Entertainment. A special welcome to new arrivals... Mason Anthony Jones and John Gibson Quinn.

Farewell dear friends, you will be missed... Carder Manning, Avon Privette, Gary Ford, Randy Stiles, and Tommy Page. Thank you for your collective generosity of spirit and deed, I am enriched by having known each of you.

A special word of appreciation: There are a few rare individuals that shape our lives, and Carder Manning, my high school music teacher, was one such person for me and countless others. Carder's unceasing efforts to challenge and encourage his students to embrace the highest standards was a gift that stays with me to this day.

FROM REAL MUSIC

Beyond the teeming activity of our lives on beloved Earth lies a great eternal Silence. As we pause and listen, the Silence will speak. One of the wondrous voices is through the language of music.

We sincerely appreciate having you as a listener. When you pay for a CD or song, you provide a rightful income to musicians, their record labels and staff, artists and designers, recording studios and engineers, printers, distributors, retailers, and all those whose efforts make it possible for you to enjoy music.

We appeal for your help in spreading the word that every single free copy made of a CD or song through burning for others, illegally downloading, etc., not only deprives musicians of their livelihood, but also has disastrous consequences on the entire structure that makes it possible for music to be composed, recorded, and made available. Thank you for your purchases, thereby helping us to continue recording and spreading music throughout the world.
